

# SUONO FORZA

Wireless Receiver Built-In

## 110W 8" Down-Firing Subwoofer

\*\*\* Wireless Transmitter sold separately

The Suono Forza and Wireless Transmitter are the perfect combination to add deep bass realism in an affordable package that can easily fit into any room. Suono Forza subwoofer utilizes patented BASH amplifier technology and careful driver and system design.

We have perfected even the smallest aspects of the Suono Forza wireless subwoofer:

- Wireless or Wired connection
- Extra-long-throw heavy-duty 8" woofer
- Large flared port to eliminate turbulence
- Class A/B 110W BASH Amplifier
- Laboratory-tuned for true, deep-bass performance (-3dB@27Hz)
- Modest size hides in any room
- Adjustable 4 rubber feet
- Non-reflective matte black finish
- Automatic International Voltage
- Lossless, 2.4 GHz Frequency-Stepping wireless technology

### Specifications:

- Frequency Response:** 27Hz – 200Hz ± 3dB
- Crossover Frequency:** 50Hz – 200Hz variable (with bypass position)
- Phase Adjustment:** 0 – 180 degrees (selectable)
- Amplifier Output Power:** 110 watts, with thermal and clipping limiters
- Audio Inputs:** Summing stereo line level (RCA x2) or LFE Input
- Input Impedance:** Line level – 20k ohms, unbalanced
- Input Power:** 115 - 230V / 50-60Hz AC (auto-adjusting)
- Input Power Connection:** IEC C8 2-wire receptacle
- Power Modes:** Auto signal sensing, always on and standby
- Auto Off Delay:** ~10 minutes
- Weight:** 22 lbs (10 kg)
- Dimensions:** 13" W x 13" H x 13" D, (33 W x 33 H x 33 D)cm
