Style Series Loudspeakers

The Style Loudspeakers are visually attractive and versatile loudspeakers for Stereo, Home Theatre and custom-install applications. The loudspeaker cabinets are crafted from silver-painted aluminum which offers excellent acoustic properties, contemporary looks and a very durable finish.

The advanced drive units are front-mounted on sculptured low resonance polyamide baffles to maximize the appearance and acoustic performance. The Style Loudspeakers come ready for shelf and wall mounting and custom-made matching. Floor stands are also available.
